

Puerto Rico Will Visit Puerto Rico

Discover Puerto Rico, the Puerto Rico Tourism Company and industry entities invite the Spanish contestant who bears the name of the Island to fulfill her dream and have a Puerto Rican experience

San Juan, Puerto Rico, November 1, 2022 – The contestant on the television program El Cazador which bears the name Puerto Rico was invited to the Island by Discover Puerto Rico, the Puerto Rico Tourism Company, and entities of the industry, to fulfill her dream of visiting the Island.

She and her companions will travel on a direct Iberia flight from Spain. The El Conquistador Hotel, meanwhile, will donate seven days and six nights stays for the group. Rico will also have guided tours and cultural experiences in gastronomy, cocktails, music, and dance.

“It has always been my dream to go to Puerto Rico at some time in my life, and I happily accept the invitation to visit the Island. It makes me very excited,” said the woman when contacted. The date on which the woman will travel with her companions has not yet been determined.

“We all loved learning about Puerto Rico on the TV show and her dream of visiting us with her loved ones and Nini, her friend who inspired her to participate in El Cazador. Our mission is for our Island to be known as a world-class tourist destination, and what better than Puerto Rico to be an ambassador for Puerto Rico,” said Brad Dean, Discover Puerto Rico’s CEO.

“After learning about the story of this charming Spanish lady, whose name is Puerto Rico, we joined Discover Puerto Rico to invite her to visit us. Without being born here, she has already become a great ambassador of our Island for bearing her name with great pride, and she pleases and honors us to serve as facilitators so that she can fulfill her long-awaited dream. We hope that very soon we will be able to welcome her and that she can fully enjoy the attractions and cultural riches of our land, as well as the hospitality and warmth of our people,” said Carlos Mercado, executive director of the Puerto Rico Tourism Company.

Last week the Spanish program El Cazador aired on TVE channel published the participation of the woman who bears the name Puerto Rico, provoking the curiosity of many because she has the same name as the Island. Thousands viewed the social media version of the video on and off the Island.
