BAREFOOT IV CATAMARAN SAIL & SNORKEL (DAY SAIL)

Enjoy a 30-minute sail to Icacos or one of the surrounding islands in the Fajardo Keys. Once the catamaran arrives at the island it actually beaches so that when you disembark you will find yourself in knee-deep water. On the island take advantage of our professional instruction in snorkeling, beach comb, and swim or snorkel offshore or just relax on the beach. Enjoy a scrumptious picnic lunch prepared and served on board by the crew. Lunch consists of pre-made sandwiches with a choice of Turkey or Veggie, pasta, bag of local chips, a whole fruit, refreshments, piña coladas and rum punch. After lunch our boat leaves the island and anchors 200 yards offshore over a living coral reef. Here you will have the opportunity to snorkel over the reef and view numerous tropical fish and coral formations. After a great morning we hoist our sail for the return trip back to the dock returning at approximately 12:30pm.

Sunday, May 22nd
